CHURCH REPORTS

FIRST METHODIST CHURCH MAKES EXCELLENT SHOWING AT QUARTERLY CONFERENCE

After the Wednesday evening prayer meeting the First Methodist Church held its fourth quarterly conference over which District Superintendent W. L. Y. Davis presided.

Reports for the year were received which showed that among other things accomplished the church has paid upon its debt $7000 during the twelve months and has taken in 171 new members, making a net gain of 154 in membership.

The Ladies' Aid Society, which is in a very flourishing condition, has paid upon its various pledges $1500.

Sunday School memberships and collections have also increased the collections having more than doubled those of any previous year.

The Women's Home Missionary Society has paid in towards missionary enterprises over $700 and the Women's Foreign Missionary Society over $800 for foreign work.

Announcement was made of the purchase by the church for a parsonage of the property on Jackson St. which has been occupied by the pastors of the church for the past five years, and of the raising of $2500 in cash to make the first payment on the property.

The church voted to give its pastor, Dr. Clyde M. Crist, a vacation of one month and unanimously voted an expression of appreciation of the fine work he has done during his year's pastorate, requesting the District Superintendent to use his influence with the Bishop to have Dr. Crist returned to Glendale.

The church also unanimously adopted a resolution approving Dr. Davis as District Superintendent and requesting the Bishop to retain him in that office.

Not all of the reports were complete as the year will not end until the first of October, but they will be completed and recorded at an adjourned session of the Fourth Quarterly Conference.

Dr. Davis congratulated the church on its prosperity, and declared it was one of the finest conferences over which he had ever presided and that the work accomplished by the church was an outstanding example of efficiency along the lines of church activity.

PLANS GONE AWRY

GAS SHORTAGE MAY PREVENT MR. AND MRS. ROWE FROM MOTORING TO 'FRISCO

Lawrence Rowe, son of Mr. and Mrs. G. H. Rowe of 216 South Orange street, will complete his last term of enlistment in the army on the 28th of July and his parents and sister Nellie had intended to motor to San Francisco and bring him home; but alas! the gasoline shortage may completely upset these pleasant plans as they do not dare start without assurance of getting enough gas to make the round trip without being held up.

The soldier lad has been in the hospital for some time recuperating from a broken limb but is now sufficiently recovered to get around with the aid of a cane. The accident resulted from a collision between the motorcycle on which he was riding and a big touring car which crossed in front of him too swiftly to be avoided. He went north in the first place to take up work in the Santa Fe School, but from there was drafted into the army and after the signing of the armistice was persuaded to re-enlist for another year.

NEW FILM MAKERS

PINNACLE PRODUCTIONS COMPANY OF CHICAGO LEASES BACHMAN STUDIO

Dr. C. William Bachman of 831 EastWindsor Road is experiencing great satisfaction from a contract he has closed with the Pinnacle Productions Company of Chicago under which the organization has leased his studio for one year and will here feature Neal Hart, the western star, in a series of western dramas. The company is now extensively enlarging and improving the studio and it expects to be ready to "shoot" within the next ten days. Its films will be elaborate super-productions of western stories of the best type, and a large company will be employed.

WEATHER FORECAST: Fair and warm tonight and Saturday.

TURNED BACK

DR. P. O. LUCAS DISAPPOINTED IN GETTING TO MEXICO, RETURNS TO HIS HOME

Dr. P. O. Lucas was disappointed in his plan to visit Lower California and returned to his home last Friday. It will be remembered that he accompanied C. W. Retts and Will Marple, who left with a farming equipment for the land they are to develop for ranching purposes in Mexico. They had shipped their heaviest equipment by rail and expected it would have been transferred to Mexican rails long before they reached the border. In this they were disappointed and were forced to lie over at Nogales for nine days. This consumed so much of the time the doctor had allotted to the trip that he decided it would not be wise to go on so he returned to his home and spent the balance of his vacation in work on his cabin in Pacoima Canyon. His wife and children accompanied him there. They returned Wednesday evening of the present week and Thursday morning the doctor was at his office on Brand boulevard.

FORTUNATE HOSTS

Mr. and Mrs. J. T. Crampton who are entertaining relatives from the east are congratulating themselves on their good luck in managing to corral enough gasoline to take their guests for short sight-seeing trips. Wednesday a party which included Mrs. Crampton, Mrs. R. P. Isitt, Mrs. C. R. Hallett and the visitors—Mr. and Mrs. T. P. Isitt of Omaha—made quite a tour of some of the beaches, their route taking them through Beverly Hills, past the Soldiers' Home and Santa Monica, Ocean Park and Venice. Thursday they went over the State Highway and through Topango Canyon which impressed the guests beyond anything they have seen yet. Friday they are leaving the Cramptons to be guests in the home of Mrs. R. P. Isitt and after that they will go to Pasadena to visit another sister, Mrs. Myers.

SCHOOLMATES MEET

MRS. MABEL FRANKLIN OCKER ENTERTAINS FOR OLD FRIENDS FROM ALABAMA

A small affair which gave great pleasure to all participants took place Thursday afternoon at the home of J. H. Franklin on North Central avenue when Mrs. Mabel Franklin Ocker, assisted by her sister, Mrs. Frank Head, entertained in honor of Misses Stella and Lulu Palmer of Monteballo, Ala. Other guests were Mrs. George Galbraith, Mrs. J. B. Lair, Mrs. Mary Haynes and Mrs. George Holbrook, all of Hollywood. All the ladies had been schoolmates at a young ladies' seminary at Monteballo and it was therefore a reunion of old schoolfellows which was greatly enjoyed.

FISH CREDITS

MR. AND MRS. JESSE E. SMITH MAKE GREAT RECORD AS DEEP SEA FISH CATCHERS

Mr. and Mrs. Jesse E. Smith and their mother, Mrs. Anna E. Smith, returned last week from Catalina where they established quite a reputation for themselves as deep sea fishermen and "fisherwomen."

On Saturday, July 3d, Mr. and Mrs. Smith caught a 62-lb. tuna and a 22-lb. albacore. That was just a forerunner of what followed on Monday, July 5th. On that day Jesse Smith, Don Webb and Sol Rehart chartered Capt. Claypool's yacht, "Heral," when the prize tuna was caught. Sol Rehart bagged a 98-pounder and the genial Jesse a 102½-pounder, this latter called a blue-button because it entitles the angler to a button from the Tuna Club. It took 5½ hours to finally "land" this big fellow and we understand that Jesse had a little assistance from Don in hauling him in.

This is not a fish story, as fish stories are generally known, as half a dozen of Jesse's friends can attest at least to the size of the fish, because they were each presented with a tuna steak of very large proportions. Further verification can be obtained at the Ford Agency in the way of official photographs of the various catches.

Mr. and Mrs. Smith say that they have only begun and that before the season is over they will eclipse their present records.

EARTHQUAKE SHOCK

TREMBLOR AT 10:11 A. M. APPEARED TO CENTER IN LOS ANGELES; NO SERIOUS DAMAGE

(Special Service to Glendale Evening News)

LOS ANGELES, July 16.—Los Angeles was rocked by a particularly heavy but not lengthy earthquake at 10:11 o'clock this morning. Early reports indicated that the shake was largely confined to the city of Los Angeles and probably centered in or very close to the city.

Reports by telephone and wire to the United Press up to 10:55 showed that it was not felt in Riverside or San Diego, that it was very slight in Pasadena, was not felt in Santa Monica, and shook but little in Long Beach. It was felt in Inglewood, the center of the last series of disturbances but not violently.

Early reports indicated that some damage was done in Los Angeles although it could not be classed as especially serious.

Police reports showed that a quantity of glass had been broken and the nearest approach to a panic came when rocks began rolling down the First street hill almost into the business district. One man is reported to have been severely cut by falling glass.

The Burbank theatre building, near Sixth and Main streets, is reported badly cracked. It is believed probable that several other of the older buildings in the city are more or less damaged but thus far detailed reports are not available.

Telephone service for a half hour after the shock was badly demoralized. This however, might have been due to the rush of calls and to the fact that girls at the switchboard undoubtedly rushed away from the board when the building began to shake.

THE TRAPP MURDER

MURDER OF ROY TRAPP, PROMINENT FULLERTON MAN, MORE REVOLTING THAN FIRST SUPPOSED

(Special Service to Glendale Evening News)

LOS ANGELES, July 16.—Developments in connection with the murder of Roy Trapp, a prominent rancher of Fullerton, by two men as yet unknown, show that the crime was even more revolting than at first supposed.

Mrs. Trapp has recovered consciousness and stated that she was assaulted by the men. She has not been able yet to make any statements that would insure the identity of the murderers or to identify the two suspects who are being held by the police.

CHICAGO STREET CAR STRIKE

SURFACE LINES STRUGGLE TO RESTORE SERVICE WITH PARTIAL SUCCESS

(Special Service to Glendale Evening News)

CHICAGO, July 16.—Chicago surface railway lines struggled today to maintain a skeleton service while rumors of further crippling of transportation facilities flitted around.

Officials of the Chicago surface lines promised 50 per cent normal service before night. They anticipated conditions would improve steadily. With power plants manned by loyal workers, current for one thousand cars was available during the morning. Reports were current that 1200 other workers employed by the surface lines would strike in sympathy within twenty-four hours. A strike decision was said to have been reached at a meeting early today.

Efforts to hamper efficiency in elevated lines also was reported.

GERMAN REPARATION PAYMENTS

ALLIES AGREE UPON THEIR DISTRIBUTION BUT THE PERCENTAGES NOT ANNOUNCED

(Special Service to Glendale Evening News)

SPA, Belgium, July 16.—The distribution of the German reparation payments among the allies was agreed upon at a meeting of the allied leaders today. The percentages to go to the various countries was not announced, although it was believed they would be substantially as previously decided.

As the result of a disagreement among themselves the German delegates sent Herr Simons to the secretary of Premier Millerand with a request that the conference scheduled for 11 a. m. be postponed until tonight. The German request was granted.

It was reported that Herr Scholz, German Minister of Economics had threatened to resign if the German delegation signed the allied ultimatum. He was understood to have protested inability to meet the situation resulting from taking two million tons of coal from the German mines.

BREAK ON STOCK MARKET

PRICES DECLINE ON PRACTICALLY THE ENTIRE LIST OF STOCKS ON NEW YORK EXCHANGE

NEW YORK, July 16.—Prices broke sharply throughout practically the entire list on the New York stock exchange early this afternoon.

ROBERT M. JACKSON

BRIEF BIOGRAPHICAL SKETCH OF THIS REPRESENTATIVE GLENDALE CITIZEN

Robert McKee Jackson, whose death at 7:25 a. m. yesterday was chronicled in the Evening News, was born in London, Ky., June 1, 1859. He grew there to manhood and on Sept. 9, 1880, he was joined in marriage to his childhood playmate and boyhood sweetheart, Miss Alice Ewell. For a few years he assisted in his father's drug store and later engaged in the banking and coal business. In 1913 he and Mrs. Jackson came to Glendale, where they have lived ever since. Mr. Jackson has been identified with the city's growth and public life almost from the first. He was secretary of the Chamber of Commerce for a considerable time and was a member of the Board of Trustees for four years. He was secretary of Elks' Lodge No. 1289 for a year, also. He has engaged in the real estate business with considerable success, ever since coming to Glendale.

Robert M. Jackson, Deceased

Mr. Jackson had a very serious attack of kidney trouble a year and a half ago and lay very ill for several weeks. He was never strong after that, suffering acutely at times from uraemic poisoning and from a heart affection resulting from the first attack. His final seizure was on Sunday, June 27th, and though he recovered sufficiently in two or three days so he could get down to his office, he soon grew worse again and on Friday, July 2d, he was up for the last time, driving down to the city hall to see about having the water and light turned on at the new home at 351 Myrtle, which he and Mrs. Jackson had recently purchased and which they had hoped to move into that very day. Instead he was taken to the home of his brother John, 332 North Orange, and he grew worse steadily until the end came. He had been connected with the church from early manhood and he and Mrs. Jackson put in their membership at Central Christian soon after coming to Glendale and they have been faithful members ever since. The body is at Pulliam & Kiefer's undertaking establishment and funeral services will be held Saturday afternoon at 2:30 in the Little Church of the Flowers, Rev. C. A. Cole, his pastor, officiating. Members of the Glendale Realty Dealers' Association, to which Mr. Jackson belonged, will all close their offices and attend the funeral in a body, as a mark of respect to the memory of one whom they all highly esteemed. Glendale Commandery, Knights Templar, and Glendale Lodge, No. 1289, B. P. O. E., will have a prominent part in the funeral services.

Mr. Jackson died just four weeks after his beloved mother went home and more than once during his last illness he expressed the wish that he could have gone at the same time. He leaves one brother, John H., and four sisters, Mrs. Robert Wall of Los Angeles, Mrs. J. B. Eberlein, Mrs. Hiram Johnson and Mrs. Ernest Pollard of London, Ky. The widow, Mrs. Alice Jackson, is herself in feeble health and completely exhausted from her long vigil.

FUNERAL OF ELIZABETH WILLIAMS

The funeral of Miss Elizabeth S. Williams, who died in Glendale Thursday at 4:15 p. m., will be held tomorrow, 10 a. m., in the Little Church of the Flowers at Forest Lawn, and cremation will follow. It will be a Christian Science service. Miss Williams was 60 years of age. She came here from Chicago some years ago and had been a nurse. One sister is left, Miss Emma Williams, of Pasadena. Funeral services are in charge of Pulliam & Kiefer.

TRUSTEES' MEETING

POLICE DEPARTMENT NOW UNDER DIRECT JURISDICTION OF BOARD OF TRUSTEES

The Board assembled at 8.25 o'clock p. m., July 15, 1920. Trustees Mrs. Bartlett, Henry, Robinson, Shaw and Stephenson were present.

The minutes of the regular meeting of July 8th were read and approved.

The Chairman of the Board reported the appointment of T. W. Watson and W. E. Hewitt as members of the committee to investigate the matter of securing an option on land required for the proposed sewer system.

An application was presented from O. W. Rhodes for permission to carry on jitney business. On motion of Trustee Henry the same was granted.

A communication was read from the City Manager of Alhambra, stating that that city is investigating the matter of transportation service with a view of determining whether it will be to the interest of the traveling public to encourage bus line transportation in competition with street car service. The communication requested co-operation of the City of Glendale in this work. On motion of Trustee Stephenson, the matter was referred to the Committee of the Whole.

The opening of bids was called for at this time as advertised for, for testing new wells on San Fernando Road. The City Clerk reported that no bids had been received and on motion of Trustee Henry, the City Clerk was directed to readvertise for bids for this service; to be opened at 8:00 o'clock p. m., July 29, 1920.

No bids had been received for installing pipe and miscellaneous fittings on Sycamore Canyon Road, Colorado Street, Windsor Road, and Adams Street, advertised to be received and opened on this date.

Demands were presented and referred to the Finance Committee and later reported back approved. On motion of Trustee Stephenson warrants were ordered to be issued in payment of same.

A communication was read from the Willite Company in regard to the possible use of that system for street paving on the proposed improvement of Sycamore Canyon Road. A portion of this communication is as follows:

"That in the event proceedings are started and bids called for on the Sycamore Boulevard improvement, in which Willite is specified, if no bids are received and if the price submitted exceeds 17c per square foot of 3-inch paving, and bids are rejected as a consequence, then this company agrees to reimburse the City of Glendale for the total expense to which the city has been put in advertising for bids and the preparation of specifications." Communication was ordered to be filed.

A petition was presented with a large number of signatures requesting that the Board of Trustees take no action against the erection of a store building at the southeast corner of Glendale Ave. and Palmer Ave. The communication was filed.

The City Engineer presented map of Tract No. 3803 and requested that same be approved by the Board. On motion of Trustee Henry the map

(Continued on Page 6)

AUTO ACCIDENT

As Dr. D. W. Hunt was backing his car preparatory to turn around, this morning, just west of the P. E. station, he seems to have stepped on the gas instead of the brake, according to Officer McLean's observation, and the car lunged backward, striking Taxi-driver Honeypelt's car and bending a fender. Dr. Hunt's car suffered a crumpled fender and the differential was torn from its position.

MAN OF SCIENCE

H. D. GOSS ENTERTAINS PROF. BRYAN RETURNING FROM ROBINSON CRUSOE LAND

Mr. and Mrs. H. D. Goss have this week been entertaining Mr. Goss' brother-in-law from Honolulu, Prof. William A. Bryan. He is just returning from a thirteen months' trip to Mexico, South America and the South Sea Islands where he has been conducting research work in natural history, which is of great interest to the world of science as he is an ornithologist and ethnologist of international repute. He left Thursday for San Francisco where he will embark for Honolulu.

The chief object of his tour has

CHURCH RECEPTION

FAREWELL FOR REV. AND MRS. E. MARION SMITH LARGELY ATTENDED

A beautiful setting was provided for the farewell reception given at the Central Avenue Methodist Church for Rev. and Mrs. F. Marion Smith Thursday evening. Mr. and Mrs. W. F. Shinner had charge of the arrangements and the church was beautifully decorated in a pink and lavender color scheme in which hydrangea was effectively used. There was a large attendance not only of church members but of friends of the pastor and his wife in Los Angeles and Pasadena.

Addresses were made by the presidents of the various departments of the church, Mr. Cameron speaking for the trustees, Mr. Hewitt for the Epworth League and the assistant superintendent for the Sunday School. Miss Adda G. Burch made a little talk as the representative of the women of the church. There was a short address by Dr. Wilson of Los Angeles and then a response by Mr. Smith to tributes of regard paid him in the various speeches.

Following these addresses refreshments were served. Those best acquainted with the organization pronounced it one of the pleasantest social affairs that has taken place in the church.

Rev. and Mrs. Smith are now spending a few days at the beach and will leave a week from today for Boston, where both will take up post-graduate work along theological lines.

Rev. Hanson of Los Angeles has been appointed to succeed Mr. Smith and took up his duties last Sunday. Mr. and Mrs. Smith have endeared themselves to the members of the church, particularly the young people, and will be missed in the large circle of friends they have made in and outside of the church.

PRE-COMMUNION SERVICES

The pre-communion services held in the Glendale Presbyterian Church this week are being well attended. The meeting Monday evening was a "Victorious Life Conference Echo Meeting" when those from Glendale who had attended the Conference at Long Beach gave reports of what they had heard there. The service was led by Mrs. J. Rhea Baker of 331 North Maryland Ave. Others who reported were Mesdames Lilly, Gibbon and McDill and their talks proved to be very helpful and of great interest.

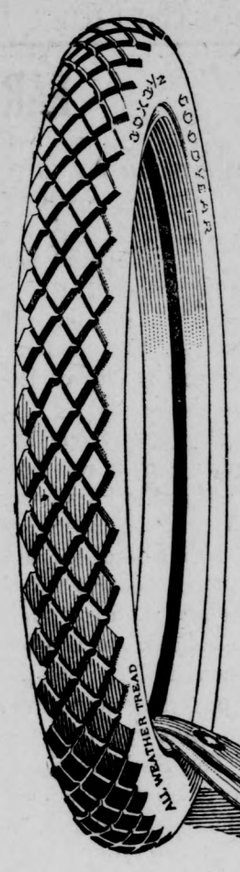
On Tuesday evening the speaker was Rev. H. C. Whiting, M. D., returned medical missionary from Korea. Rev. Whiting is a powerful speaker and held his audience spellbound for more than an hour, telling of his work, the needs, etc., of the Koreans and making very real to his hearers the appearance, manners and needs of the people with whom he has worked for so long. Those who did not attend this meeting surely missed some valuable information regarding the political affairs, as well as the moral and religious conditions.

Wednesday evening the regular mid-week prayer meeting was conducted by the pastor, Rev. W. E. Edmonds, and proved to be one of the best of the pre-communion prayer meetings ever held.

Thursday evening was known as "Sunday School Night" and following a Sunday School supper for officers and teachers, Rev. C. A. Cole, of the Christian Church, spoke on Sunday School work.

Friday evening, which is "Family Night," Rev. George M. Rourke, of Long Beach, will deliver an address on "Our Endless Indebtedness." For years these pre-communion services have been held in the Glendale Presbyterian Church the week previous to Communion Sunday and each year the July Communion is held at the twilight hour and is known as the "Twilight Communion." The public is most cordially invited to any and all of the services.

Ride on Goodyear Tires in That Sturdy Small Car of Yours



It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag*..... $4.50

UNPOPULAR BUT TRUE

Numerous remedies are suggested for the sugar shortage. Most of them are purely for political effect. One of the favorite suggestions is to put some one in jail. Another is to deny the use of sugar to candy and soft drink manufacturers. Neither suggestion would increase sugar production. The candy and soft drink industries use about a third of the sugar produced and cutting them off from a supply would undoubtedly cut production instead of increasing it.

The law of supply and demand is at work now to increase sugar production and only by increased production will the price ever be lowered. We are reaping the result now of artificial laws in force during the war which set aside the law of supply and demand thus curtailing production at a time when production should have been increasing.

Unpopular as it may be to state hard cold facts, we will never have cheaper sugar until the supply catches up with the demand. If we limit consumption by artificial legislation, giving it to one class while denying it to another, we at the same time limit production for there is no use for either the farmer or the manufacturer to produce unlimited quantities with a curtailed consumption.

Mother nature will remedy the sugar shortage in a more satisfactory manner than all the vote seeking politicians combined, let her have a chance, instead of crippling specified lines of industry in favor of others all of which ultimately works to the detriment of the whole people.

MEAT PRICES That Attract

Our policy is to buy good meats and sell them on as close a margin as possible. This course is winning for us a splendid patronage.

Can You Doubt it When You Consider These Prices?

HOMES WANTED!

This is the cry that is heard daily and that will be heard from an ever increasing number of families as the fall and winter advances.

New people are coming to Glendale at a surprising rate and more would come could they secure homes.

We want these people. Other communities not only welcome new residents of the class that is coming to Glendale, but make an effort to bring them.

It is inhospitable and unbusiness-like to turn them away.

IT'S UP TO THE PEOPLE OF GLENDALE TO PROVIDE HUNDREDS OF NEW HOMES BEFORE FALL

This is a golden opportunity for the man who owns a vacant lot or who has money to invest. An apartment house, a bungalow court or a residence would be a good investment.

We are organized to do a large part of the building necessary to meet the demand for homes this fall and winter.

Architects, engineers and a complete line of craftsmen of every kind at your service. We make good.

LIBRARY GOSSIP

STORY HOUR RESUMED IN JUVENILE ROOM ON HARVARD AND AT BRANCH

The Story Hours have been resumed at the Public Library on Harvard and the Branch on Brand and Los Feliz Road. Misses Laura Wilford Brown and Lillian Schick are the story tellers, Tuesday morning being reserved for the Harvard Street Library and Friday for the Branch. Last Tuesday the theme was Chinese life and customs and Miss Brown appeared in Chinese costume, which pleased the children very much. The story she told them was "The Peach Tree Well." July 20th the theme will be "California Quail and Mocking Birds" and a Fairy Story will be told. "Butterflies" will be the subject on the 27th. One boy of Glendale, who has a fine collection of butterflies for which he has made a nice case, will bring them for display. On that morning a butterfly story will be told. Other programs will be:

August 3d, Music and Musicians. Story: "An Old Legend."

August 10th, Animals.

August 17th, Plant Life; the Forest Reserves. Story: "A Tale from Skidway."

August 24th, Art; study of one of the famous pictures and story of the artist's life, or sculpture and story of "The Sun Vow" or "End of the Trail."

August 31st, Bees.

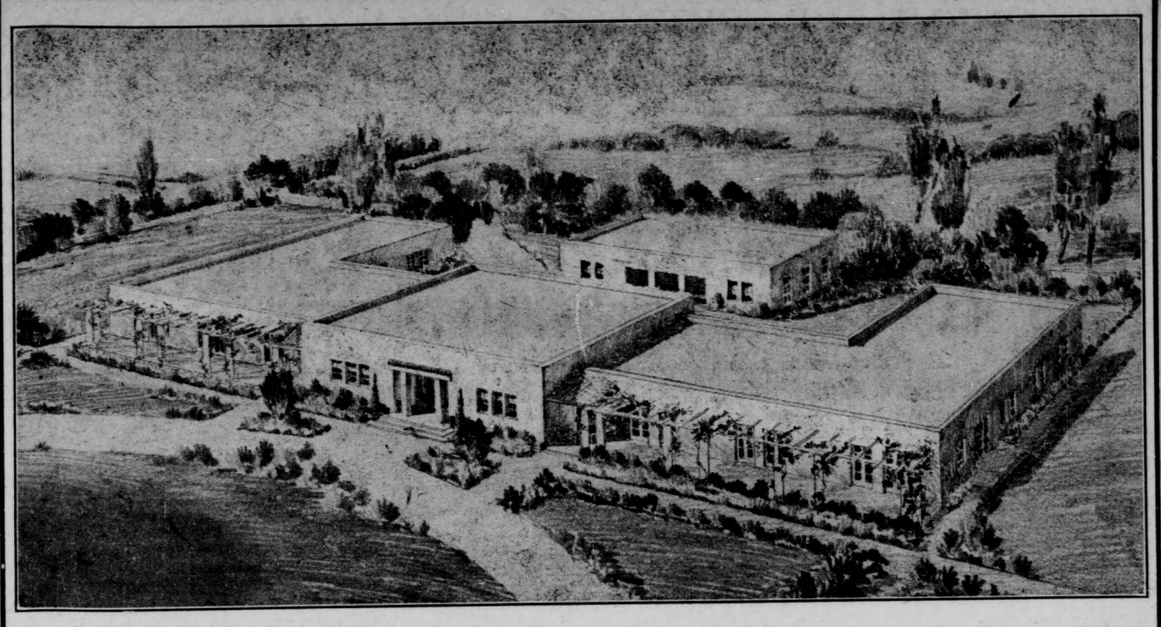
Mrs. Danford reports that some more of Hugh Walpole's books have been added to the library and it now contains practically all of his novels of which she considers "Fortitude" his best. She says these are popular because of their fine philosophy.

Archibald Marshall, another popular favorite, is represented by some of his recent work, among which was mentioned "Sir Harry" as among the best now ready for circulation.

For summer reading Mrs. Danford is recommending Christopher Morley's fiction such as "Kathleen and Mince Pie," "The Haunted Bookshop" and "Parnassus on Wheels."

Julian Street, whose pictures of travel have brought him deserved renown, has scarcely ever done anything better than his "After Thirsty" which is now in the library.

Dr. Grenfel's books are much called for and a number of his later publications have been purchased for the pleasure of Glendale patrons, also some of Swinnerton's books including "September" and "Nocturne."



The Loyalty and Confidence and the Good Hard Cash of the People of Glendale are Back of the Glendale Research Hospital

The assurance felt by the incorporators of the Glendale Research Hospital that the people of Glendale generally and the substantial business element especially would stand loyally back of the movement for this much-needed institution has been abundantly fulfilled.

Collections began ten days ago from those who had previously agreed to buy stock and at this time practically everything subscribed has been paid in. Money talks, and in this instance it is saying mighty encouraging things to those who have been working to give Glendale this hospital.

Adequate hospital accommodations are expected as a matter of course along with good schools and churches in a modern city. A hospital is a good investment for the individual stockholder if it is rightly conducted and managed. That is why the organizers and incorporators of the Glendale Research Hospital sought and secured men and women of sound business judgment as stockholders. That is why they obtained the backing of fourteen or more physicians (many of them from surrounding communities) whose practice is a guarantee that the forty beds which the new hospital will contain will be filled constantly and will be inadequate in a short time.

You can have a financial interest in this hospital. The stock is still on the market at $100 a share. You can pay for it in monthly or quarterly installments.

If there is anything you don't understand about this proposition talk it over with us and give us a chance to explain. Call Glendale 408.

LET THIS BANK HELP

Do not overlook the matter of convenience and accommodation when choosing a bank. Is there any reason for going out of the home community when you want to deposit or draw some money? Is there any reason why you should seek out some stranger who has no interest in you or in your home town when you want financial assistance or advice?

If this bank were less able than other banks to safeguard your money and render you every banking convenience, we wouldn't ask your banking business so confidently. But we do ask it.

You Can KNOW A MAN By What He Reads

Big men—men who like to keep in close touch with what's going on in the world—men with a broad vision seeking an honest, broad-minded digest of great world questions—these are the kind of men that read Arthur Brisbane's column in The Examiner every morning.

Here is a master mind that assimilates the news of the world—digests it and passes the essence of it on to Examiner readers.

Men who think, admire and respect Brisbane's candid and unprejudiced opinions, his conservative optimism, his cheery, sunny writing-disposition.

GLENDALE, CALIFORNIA, FRIDAY, JULY 16, 1920

PLOT AGAINST MEXICAN GOVERNMENT

(Special Service to Glendale Evening News)

MEXICO CITY, July 16.—The provisional government frustrated a projected coup d' etat with the capture of General Pablo Gonzales, Carlos Garcia and Jose Santos, who were planning to execute a well planned maneuver to overthrow the present regime, it became known today.

Gonzales, formerly a candidate for the Mexican presidency, was said to be the leader in the scheme and Garcia was his chief of staff. They will be court-martialed on charges of rebellion, the war office announced.

PEACE WITH POLAND

(Special Service to Glendale Evening News)

LONDON, July 16.—A dispatch from Spa to the Times today said it was reported that the Russian soviet government had accepted the British proposal for peace with Poland and had suggested that a conference be held at Brest Litovsk instead of at London.

Personals

B. Leitch has moved from 1229 N. Brand Blvd. to 1146 Stanley Ave.

Mrs. Chas. Wiegand of Los Angeles was a guest yesterday of Mrs. O. C. Loomis and family, 441 Palm Drive.

W. E. Moody and family have moved from 346 Hawthorne to 320 N. Maryland and J. M. Cowlin and family from 535 Oak to 346 Hawthorne.

Mrs. Mattison B. Jones and daughter, Winifred, came up from Hermosa Beach, Wednesday, on account of the illness of Robert Jackson, and are now at the W. E. Evans home.

Mrs. Ida B. H. Holmes of Glendale has let a contract for an up-to-date, six-room, cream stucco house with red roof and trimmings, to be erected on North Glendale avenue at once.

Miss Leone Shattuck a member of the Glendale Public Library staff, is having a two weeks' vacation. She and her mother have gone to Venice. Miss Green, another member of the staff, has just finished a vacation.

Mrs. E. Z. Barnett of 712 East Windsor Road is this week entertaining Mrs. M. P. Jackson of Wilmington. Last Sunday the Barnetts were entertained by Mr. and Mrs. Harry Hocker at their home in Hermosa Beach.

Mrs. R. M. Brown of 416 North Kenwood is entertaining at her cottage at Hermosa Beach a house party of girl friends of her daughter Margaret Brown, the young ladies invited being Miss Lois Naudain, Miss Sarah Chandler and Miss Dorothy Houston.

Among the minor building permits taken out yesterday was one for Myrtis P. Tyler, for repairing and remodeling residence at 1012 South Glendale avenue, $500; another for J. H. Huff for remodeling residence at 627 East Palmer Ave., $500; and a third for a garage at 359 Howard for I. Ingram, cost $300.

Mr. and Mrs. Hartley Shaw and family are today attending a picnic of relatives of the Hartley family at Lincoln Park, formerly East Lake. There will be guests from Riverside, Claremont, Uplands, Pasadena, Los Angeles and Hermosa Beach. About forty are expected. Mr. Shaw's mother was a Hartley.

Born on Monday, July 12, 1920, to Mr. and Mrs. S. B. Thompson, of 546 West Broadway, a daughter, weight 7½ pounds. Mother and child are doing finely. This is the first child in the family and the parents are very happy over its advent. Mr. Thompson is an employe of the Valley Supply Company.

Mr. and Mrs. George E. Daniels are entertaining this afternoon with a little family party in celebration of the tenth birthday of their little daughter, Helen Daniels. The list of invited guests includes Mrs. Minnie Phillips, Miss Eva Daniels, Miss Reba Phillips, Mrs. Olive Olson, Miss Helen Olson, Mrs. Elma Olson of Los Angeles, Mrs. Alfred Noreen and Sheldon Noreen of Inglewood.

Arthur G. Lindley is leaving today for Taft and Bakersfield. At Bakersfield he will inspect the work now going on in a chaurch for which he furnished the plans, and to Taft he is taking the completed drawings for a church to be erected there. He is quite sanguine about being able to get gasoline saying that last Saturday he purchased ten gallons in Bakersfield and no questions asked.

Miss Ruth Spafford has received an announcement of the marriage of Miss Gladys McMullen, formerly of Glendale, to Gustaf A. Lavison, of Memphis, Tennessee. Mr. and Mrs. Lavison will make their future home in Texarkana, Arkansas. Mrs. Lavison was very popular with the younger set and is greatly missed by her many friends in Glendale. Miss Spafford and Miss Ruth Ryan intend visiting the Lavisons in the near future.

C. E. Vahey, who lives north of Glendale, reported to the police that as he was driving to Los Angeles yesterday morning he noticed a stripped Hudson car on the east side of Verdugo Road just north of the film studio. As he was passing this morning he noticed that the car was still there so he stopped to look it over. He found the plate number to be 424797. The lenses, one wheel, four tires, batteries and tools had been taken and the gasoline tank emptied. It is supposed the car was stolen, stripped and left there.

Milo McMillan and wife, their two daughters, Helen and Julia, and the son, Pierce, have returned to the old home at West Point, Hancock county, Ill., to look after business interests. They own several farms in that vicinity and are contemplating the disposal of them in order that they may return to Glendale this fall to live. They came here two years ago on account of Mr. McMillan's health, which has been fully restored, and the children have attended the Glendale schools. The family occupied a part of Wm. Hyatt and wife's home at 552 West Broadway all the time they were here.

THE BIBLE or Tradition--- Which? For Sunday-Keeping

TONIGHT

Gospel Tent

Cor. Central and Harvard

HEAR

Evangelist C. S. Prout on the Sabbath question: 'Who Changed the Day?'

Welcome

There was a slight earthquake shock felt in Glendale at 10:10 this morning. Buildings were shaken quite perceptibly.

For the first half of July 53 building permits have been issued with a total valuation of $105,970. Only one of these is for a business house and one is for a hospital addition. All the rest are for residences, additions to or remodeling of the same, or garages.

Miss Elizabeth Bohannon entertained at her beautiful home at 316 North Maryland avenue a small group of the close church friends of Mrs. W. J. Sanford of North Maryland avenue who, with her family, is moving to Los Angeles about the first of next month. It was quite informal and dainty refreshments were served.

Funeral services over the body of Ronald, infant son of Lewis and Anna C. Baker, of Tujunga, who died Thursday at 2:30 p. m., will be held in the Pulliam & Kiefer Undertaking Co. chapel this afternoon at 3, Rev. Wyman officiating. The body will be cremated. The little one's death was caused by pneumonia, following whooping cough.

Mrs. Aileen Baker and two daughters, Frances and Helen, arrived Thursday night for an extended visit with numerous relatives here who think they can induce her to make their home in Glendale. Mrs. Baker is a niece of E. Rumble, who recently bought C. J. Letts' residence at 111 N. Central Ave., into which he and his wife will move as soon as their household goods come. Mrs. Baker is related to the McBrydes and Fambroughs. She is now staying with the latter, who live at 231 W. Elk Ave.

PUBLIC NOTICE

A Joint Committee from the Chamber of Commerce and the Greater Glendale Development Association held a meeting last evening and set next Tuesday evening, July 20th, at eight o'clock p. m. in the City Hall, as the time to reorganize and unite the Chamber of Commerce and the Greater Glendale Development Association. All members, and former members of the Chamber of Commerce and all members of the Greater Glendale Development Association are requested to be present at this meeting and participate in the reorganization of these bodies. Any citizen interested in the welfare of Glendale is invited to be present and use his influence in bringing about a real booster organization for our city.

INDUSTRY AND FRUGALITY

Napoleon LeBlanc reports that he intends to improve with an artistic home a lot he has purchased at 822 South Central avenue, to take the place of the beautiful little dwelling he and his wife are now occupying on Glendale avenue. He has had a good many financial vicissitudes and during the panic of the nineties lost all he possessed, but with pluck and industry and a good name, which enabled him to secure credit he has been able to get onto his feet again. He attributes his success to hard work, economy and the fact that he has never wasted money on tobacco, liquor, games or the theater.

GROWING INTEREST IN BARGAINS OFFERED BY H. S. WEBB & CO.

There is a growing interest in the reduction sale which is in progress at the H. S. Webb & Co. store. Unusual values are being offered on ladies' skirts, smocks, hosiery, underwear, etc. Women shoppers are taking a special interest in the beautifully tailored French gingham dresses reduced from $6.95 to $4.95. Georgette crepe in flesh and white, 40-inches wide at $1.95 is an item that has met with such favor that it has been necessary to re-order several times to supply the demand.—Adv.

SABBATH QUESTION

EVANGELIST PROUT GIVES VIEWS ON THIS VITAL SUBJECT

A large audience of eager listeners gathered at the gospel tent last evening to hear the Sabbath question explained by Evangelist C. S. Prout. "The moral law, which enjoins upon all the observance of the seventh day Sabbath commonly called Saturday, was never abolished at the cross," said the speaker.

He read statements from leading authorities of most of the denominations and from theologians showing that Seventh-day Adventists believed in common with them that the Ten Commandments are binding upon men and ought to be obeyed by all.

"Believing as we all do that every one of the Ten Commandments is unchangeable and ought to be obeyed, how then can people remember the first day instead of the seventh, as a day of rest?

"The Psalmist declares: 'It is time for thee, Lord, to work; for they have made void thy law.' Ps. 119:126; 'Therefore as the fire devoureth the stubble, and the flame consumeth the chaff, so their root shall be as rottenness, and their blossom shall go up as dust; because they have cast away the law of the Lord of hosts,' Isa. 5:24. Thus we see how earnestly and jealously these holy men of God regarded the moral law, the Ten Commandments."

Mr. Prout then clearly showed that Christ neither abolished nor nailed to the cross the Fourth Commandment, which binds upon mankind the observance of Saturday as the Sabbath.

In Matt. 5:17-20, Christ clearly taught that He came not to destroy the law, and that "Whosoever shall break one of these last Commandments, and shall teach men so, he shall be called least in the kingdom of heaven."

"Seventh-day Adventists believe and teach that every one of the Ten Commandments is to be obeyed, equally through the Grace of Jesus Christ. One is no more binding than another, and the main reason for our emphasizing the fourth precept is that so many professing Christians are trampling knowingly or unknowingly God's holy day under foot. In Isa. 58:13, we read: 'If thou turn not away thy foot from the Sabbath, from doing thy pleasure on my holy day; and call the Sabbath a delight, the holy of the Lord, honorable; and shalt honor Him, not doing thine own pleasure, nor speaking thine own words; then shalt thou delight thyself in the Lord; and I will cause thee to ride upon the high places of the earth.'"

Mr. Prout made it plain that there were two laws in the days of Moses, the moral and ceremonial. Ex. 24: 12, Deut. 4:13, Ex. 31:18, 25:16, James 2:8, Rom. 3:20 and 31. All refer to the moral law. The following refer to the ceremonial law, written by Moses, and this was nailed to the cross: Lev. 1:1-3, and 7: 37, 38; Deut. 31:25, 26; Eph. 2:15; Colossians 2:14; Heb. 7:19. While there were certain annual Sabbath days in the ceremonial law, when this was abolished by Christ at the cross, Christ did not abrogate the seventh day Sabbath, nor any of our moral precepts. It still continues as man's rest day, for it was kept by Jesus and the apostles and nowhere do we find a single text authorizing a change nor any repeal.

A question on Colossians 2:16 and Rom. 14:5, was answered by the evangelist. He made it very clear that Paul was writing to Jews who had jealously guarded the ceremonial ritual and annual Sabbath days, and that these had met their reality in Christ and were done away with. He then concluded showing that Christ, the apostles and redeemed in the new earth will keep the seventh day Sabbath and continue to do so throughout eternity. Isa. 66:22, 23.

The subject announced for Friday evening is: "Who Changed the Sabbath?" For Sunday evening: "Who Is 666?" Rev. 13:18.

CORNWELLS HAVE HAPPY GATHERING

There was a happy gathering at the home of Geo. Cornwell and wife, 135 N. Kenwood, last eveniing, when the parents and all the children gathered with a few friends at a 6 o'clock dinner. The home was decorated with flowers and covers were laid for 21 people, which included the host and hostess, Misses Carrie, Mae and Jennie Cornwell, Albert Cornwell and wife, Dr. Fay G. Stone, Hugh Cornwell, wife and child, Dan Kelty, wife and two children of Glendale; H. E. and W. C. Cornwell of Modesto, Mrs. A. P. Stone of Modesto, Mrs. Bert Edmonds and son of Tulsa, Okla., and Mrs. J. A. Privett of San Pedro.

C. J. Letts and wife are moving today from the home they recently sold at 111 N. Central Ave. to Mr. Rumble, to a place they have rented at 1200 S. Central Ave.

SOCIAL HONORS

MISS ELSA BREIDT DELIGHTFULLY ENTERTAINED AT LUNCHEONS, DINNERS

Miss Elsa Breidt, the distinguished young pianiste of 118 East Chestnut, of this city, has been guest of honor at several smart affairs recently. One of these was a luncheon given by her old friend, Madame Lili Petchnikoff, the well-known violinist, who has a beautiful home in Hollywood. The guest list included Mrs. Walter Henry Rothwell, wife of the Philharmonic Orchestra conductor, Mrs. J. J. Carter and others equally well known in musical circles. The luncheon was followed by an informal musicale. Madame Petchnikoff, who knew her guest in Chicago and had played on programs in which Miss Breidt had appeared as a young girl, is delighted to renew the acquaintance out here and the two ladies are rehearsing in the expectation of doing concert work together later in the season. Madame Petchnikoff's daughter, Miss Tania Petchnikoff, is here with her mother. She will be remembered as one of the young women who had a very strenuous time getting out of Germany during the war. She is equally as talented as her mother but in a different line and is pronounced by those who know her best a literary genius.

Miss Breidt was also guest of honor at a dinner given a few evenings ago by Mrs. Ed Von Tall of Pasadena, at which covers were laid for guests who are lovers of music and socially prominent in the Crown City. Miss Breidt and her mother are today entertaining the members of the Petchnikoff family.

TRUSTEES' MEETING

(Continued from Page 1)

was approved and the dedication of the streets outlined thereon accepted by Resolution No. 1107.

The City Engineer not being ready with plans for the improvement of Sycamore Canyon Road, no action was taken in regard to that matter.

The City Manager presented a written recommendation of the appointment of F. W. Pigg to the position of Sanitary Inspector in the Public Welfare Department. On motion of Trustee Henry the recommendation was approved and the appointment made.

A written communication was presented by the City Manager in regard to matters in the Police Department, stating that in accordance with instructions given by the Board at its previous meeting the resignation of City Marshal C. E. Stanley had been requested and that the incumbent had refused to comply therewith. The communication further stated that as Mr. Stanley had been appointed to the position on the City Manager's recommendation, he felt it to be his duty to inform the Board that the management of the Police Department had been unsatisfactory and that the City Manager could not any longer consent to be held responsible for the administration of that department, unless the suggested change was made. On motion of Trustee Stephenson the matter was referred to the Committee of the Whole to be taken up later in the evening and Mr. Stanley was requested to be present before the committee.

Another communication of City Manager stated that certain charges had been made against Traffic Officer Trautwein, that a partial investigation had been made and he recommended that the Traffic Officer be suspended from duty for a period of one week, during which time an investigation will be made and report turned in to the Board; the accused officer and parties making the charges might, if desired, be invited to appear before the Board at its next regular meeting. On motion of Trustee Henry the action of the City Manager in suspending the Traffic Officer was approved to begin at 12:00 o'clock a. m. July 16, 1920, and the whole matter referred to the City Manager to investigate and make report in writing at the next meeting.

The City Manager recommended that requests for permission to remove trees be granted to the following persons:

G. D. Simmons.
A. Hulff.
J. W. Garner.

On motion of Trustee Stephenson, the recommendation of the City Manager was approved and permits granted.

The City Manager having prepared a resolution for lot cleaning, the same was presented by Trustee Stephenson, who moved its adoption and the resolution was adopted as No. 1107, "A Resolution of the Board of Trustees of the City of Glendale Declaring Its Intention to Order Certain Lots in Said City to Be Cleaned."

Trustee Stephenson presented an ordinance amending the salary ordinance which was referred to the Finance Committee.

The City Manager suggested that the City Engineer be instructed to prepare plans for swimming pool as the city has in its treasury about $900.00 that has been contributed for this purpose. On motion of Trustee Bartlett the City Engineer was instructed to present the plans as suggested, together with an estimate of the cost. Trustee Bartlett made a motion which was adopted that when the Board adjourn it be to meet on Monday, July 21, 1920, at 9:00 o'clock a. m.

An ordinance establishing grade on certain streets was presented by Trustee Stephenson, read and laid over until the next regular meeting.

Trustee Stephenson offered the following resolution which was on his motion adopted on roll call, all voting "Aye:"

"Whereas, The Members of the Board of Trustees of the City of Glendale learn with profound regret of the death of their former associate and friend, Mr. Robert M. Jackson; therefore, be it

Resolved, That in the death of this estimable and public-spirited citizen, the City of Glendale has sustained a distinct loss; and we convey to his surviving family our heartfelt sympathy in their time of sorrow; taking pleasure as we do in testifying to his faithfulness as a trustee of this city and in the discharge of public duties devolving upon him.

"It is hereby ordered that a copy of this resolution be sent to Mrs. Jackson and that it be spread upon the minutes of the transactions of the Board of Trustees."

On motion of Trustee Henry it was ordered that the City Manager secure a suitable floral piece as a tribute from the City of Glendale at the funeral of the late Trustee R. M. Jackson.

On motion of Trustee Henry the City Clerk was granted a vacation of one week beginning July 21, 1920.

On motion of Trustee Stephenson, a recess was declared at 9:20 p. m.

The Board reconvened at 10:40 p. m. On motion of Trustee Bartlett the recommendation of City Manager in regard to City Marshal Stanley, was denied by the following roll call.

Ayes; Bartlett, Stephenson, Henry, Robinson, Shaw.

Noes: None.

The City Manager stated to the Board that he did not feel that he could be, under the present circumstances, responsible to any extent for the affairs of the Police Department and requested to be relieved of such responsibility. On motion of Trustee Stephenson the City Marshal was directed to report directly to the Board of Trustees in regard to the affairs of his department.

Trustee Bartlett made a motion which was adopted that the previous action of the Board, referring to the investigation of Traffic Officer Trautwein to the City Manager be reconsidered.

Trustee Stephenson made a motion, which was adopted, that the original motion in regard to that matter be amended, referring the investigation of this officer to the City Marshal instead of the City Manager. The motion as amended was then adopted by the following roll-call:

Ayes: Bartlett, Stephenson, Henry, Robinson, Shaw.

Noes: None.

Adjourned.

MAN OF SCIENCE

(Continued from Page 1)

been to gather material to confirm a theory he holds that the South Sea and Hawaiian Islands are the remains of a sunken continent. His search was therefore to observe similarities in volcanic debris, in flora and fauna, and in the appearance, language, manners and customs of the natives of these now separated lands. A sample of his methods was furnished by his action when he went into Old Mexico from the canal zone and climbed to the top of a volcanic mountain which had never been ascended by a white man. In his party were 12 Indians, four of whom had made the ascent. The purpose of the climb was to obtain volcanic debris found at the top for comparison with that of Hawaiian volcanoes which are in the same latitude.

Glendale boys and girls should be interested in the fact that while in the South Sea Islands he spent two nights in the cave which had been the home of Alexander Selkirk, the original of Defoe's "Robinson Crusoe." His guide, who was the grandson of a cannibal, he called "Friday."

When he landed on Easter Island, although the lobster fishing boat in which he was a passenger was the first boat that had touched there in eighteen months, but one man was at the dock. That man had his back to the boat and never looked around, so it is evident, if he is a sample of the natives, that they will never die of curiosity.

Prof. Bryan was a Hawaiian delegate to the Democratic National Convention in San Francisco and is a cousin of William Jennings Bryan. Tuesday evening he was guest of honor at a family dinner given by his aunt, Mrs. R. D. Goss, of 516 East Harvard. He has been professor of science and natural history in the College of Hawaii for about fifteen years and his book, "The Natural History of Hawaii," is in the Glendale library.

WAITING

Serene, I fold my hands and wait,
Nor care for wind, or tide, or sea;
I rave no more 'gainst time or fate,
For, lo! my own shall come to me.

I stay my haste, I make delays,
For what avails this eager pace?
I stand amid the eternal ways
And what is mine shall know my face.

Asleep, awake, by night or day,
The friends I seek are seeking me;
No wind can drive my bark astray,
Nor change the tide of destiny.

What matter if I stand alone?
I wait with joy the coming years;
My heart shall reap where it has sown,
And garner up its fruit of tears.

The waters know their own and draw
The brook that springs in yonder height;
So flows the good with equal law
Unto the soul of pure delight.

The stars come nightly to the sky;
The tidal wave unto the sea;
Nor time, nor space, nor deep, nor high
Can keep my own away from me.

—Joaquin Miller.

Interest in the back-to-the-farm movement centers on insistence that the other fellow go.

CERTIFICATE OF DOING BUSINESS UNDER FICTITIOUS FIRM NAME

THE UNDERSIGNED HEREBY CERTIFIES that he is conducting business in the City of Los Angeles, County of Los Angeles, State of California, under the fictitious firm name and style of "FISH AUTO REPAIR COMPANY"; That said business is conducted and carried on at number 3716 West Washington Street, City of Los Angeles, and that said business so conducted at said address is that of repairing automobiles and conducting a general garage business.

That the fictitious firm of FISH AUTO REPAIR COMPANY is composed only of the following named person, who is the sole owner of said business, to-wit:

E. M. FISH, Residence address, 1655 Seventh Avenue, Los Angeles, California.

IN WITNESS WHEREOF, I have hereunto placed my hand and seal at Los Angeles, California, this 23rd day of June, 1920.

E. M. FISH.

STATE OF CALIFORNIA,)
(SS.
COUNTY OF LOS ANGELES)

On this 23rd day of June, 1920, before me, Anna E. Bingham, a Notary Public in and for the County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared E. M. Fish, personally known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal in said County the day and year in this Certificate first above mentioned.

ANNA E. BINGHAM,
Notary Public in and for the County of Los Angeles, State of California.
(SEAL)

Filed June 24, 1920. L. E. Lampton, County Clerk, by G. S. Clarke, Deputy.

Carl P. Martin,
Attorney at Law.

Vacation Joys

are increased if you have a kodak with you. You will always be sorry if you don't have some snap-shots as souvenirs of your trip. But a kodak is not only an aid to vacation pleasures. It's an every day necessity. There is so much pleasure in making permanent records of every day scenes and incidents.

HAVE YOU A KODAK?

When you buy a kodak from us you get three things:

1—An intricate little device, perfectly made and adjusted, very simple in operation, the best kodak that can be purchased anywhere in the world for the price we ask.

2—An infinite amount of pleasure. If you have never owned a kodak you have yet to know the satisfaction there is in one of these little instruments.

3—Service. When we sell you a kodak we instruct you in its use and urge you to feel free to come to us at any time with your kodak troubles. You will appreciate our finishing service.

FOOD VALUE

OF SOFT DRINKS IS IMPORTANT SAYS INTERNATIONAL SUGAR EXPERT

That the American Public is drinking millions of bottles of carbonated beverages, every day, under a misapprehension, was the declaration made by Dr. F. W. Murphy, of Detroit, international sugar expert, in a talk before the Detroit Association of Carbonated Beverage Manufacturers.

Dr. Murphy asserted the public drinks these beverages under the impression it is for the purpose of quenching the thirst, when as a matter of fact the real reason is for the stimulation derived from the drink.

"People become hot and thirsty, and drink a bottle of some soft drink thinking it is for the thirst," he said, "but this is not true in the main. When they become over-heated they become fatigued. It is the call of the body for stimulation which causes their action.

"Soft drinks contain a certain amount of sugar. This sugar, through the chemical action when placed in the drink, becomes what we call invert sugar, a highly nourishing food. Invert sugar needs no digestion. As soon as the drink reaches the stomach the sugar is carried immediately into the blood and there is an instantaneous feeling of exhilaration caused by the food properties furnishing additional energy.

"Therein lies the value of soft drinks. The sugar furnishes strength to the body and invert sugar is the purest concentrated food known. There is absolutely no waste, and it is absorbed immediately into the blood without the body laboring to digest it."

Dr. Murphy stated he had heard some persons refer to soft drinks as "non-essentials." This statement, he declared, shows ignorance of the subject. The stimulation from the food properties in carbonated beverages performs a great work in restoring the energy of the body, which, in this day and age of speed and high tension, is under a great physical strain.

NO RELIEF IN SIGHT

SAN FRANCISCO, July 16. (United Press)—No immediate lifting of rationing of gasoline to motor car owners is in sight, it was indicated today following an investigation into the gasoline shortage, made by the United Press.

Steadily increased demand for gasoline rather than decreased production or large exportations of fuel has placed Pacific Cosat oil companies in the position of fighting a losing battle. While gasoline consumption in 1920 increased one-fourth over 1919 crude oil production decreased slightly, according to figures compiled by H. Patchin, secretary of the Standard Oil Company of California.

Drilling of over four hundred new wells was begun during the first five months of this year, according to the report of the state oil and gas supervisor. Yet a quarter of a million less barrels of crude oil were produced during that period than the same period last year.

Answering charges that the gasoline shortage has been caused by large exportations, oil company officials pointed out that the ratio of imports of gasoline to Arizona, Utah, New Mexico and other inter-mountain states from eastern oil fields is nearly eight to one when compared with oil being exported to foreign countries. Gasoline being exported is on long time contracts, several of the companies reported.

Stocks of crude oil tied up in pipelines and reservoirs amount to 6,000,000 barrels, reports show. While the total crude oil stock, called the "barometer of the oil industry," dropped from 30,000,000 barrels in 1919 to 27,000,000 at present, gasoline sales have risen nearly forty per cent.

"We are coming dangerously near wiping out the surplus above the necessary 'factor of safety' estimated by the National Council of Defense," one official said.

Is It of Metal?

If it is we can mend it, make it, cut it or bend it. The establishment of new departments in our sheet metal works, the installation of new machinery and the employment of experts in every branch of metal work puts us in a position to do anything in this line expeditiously and at a reasonable figure.

The Welding, Brazing and Cutting Department

is thoroughly up-to-date as regards equipment and is in charge of an experienced man. He'll soon convince you that he knows his business if you bring your broken metal articles here.

The Radiator Repair Department

employs three men, so we can rebuild or repair your radiator promptly. These men are experts and will give you a good job.

We Can Build or Rebuild Your Car Body or Repair Your Tender

EVENING NEWS ADS GET RESULTS

DAY OF OPPORTUNITY

A writer in the Saturday Evening Post asks if the day of opportunity for the poor boy in America is past, or if not that, if it is as great today as it was a few years back. Because there are more places at the top now and fewer qualified men to fill them, opportunities for advancement should be and unquestionably are greater today than ever before. Investigate the record of the first three successful men you come to and you will find that two of them started with nothing in a material way.

Indeed, most of the famous men of the world have started life under the handicap of obscurity and poverty. The following are striking examples of great men who had very poor starts, even after they were well along in life:

Gladstone gave no evidence of unusual ability as a boy.

Napoleon stood forty-second in his class at the military academy, but who ever heard of the other forty-one?

Patrick Henry was a lazy boy, uninterested in study; he failed at business, at farming and again in business; then he tried law, and American history tells the rest of the story.

Darwin could never master any language; his father accused him of being interested only in dogs, shooting and rat-catching and said he would be a disgrace to the family.

Henry Ward Beecher, as a boy, was a poor writer, a miserable speller, with a thick utterance and a bashful reticence which people took for stolid stupidity.

Booker T. Washington was born a slave, had an early life of most unusual strugle, and became one of the most valued educators of his time.

Grant was a dismal failure as a tanner and a farmer and found himself in distinguished military service.

These men struggled through difficulties to lives of real usefulness, and so can the boy of today.

When will Germany begin the prosecution of her officers for the part they took in the war? We are waiting patiently.

CAMP LIFE

W. B. KIRK TALKS ENTERTAININGLY OF BUNKING WITH THE Y. M. C. A. BOYS

W. B. Kirk and family returned on Wednesday evening from a vacation of 12 days in the upper San Gabriel Canyon. Mrs. Kirk and Miss Marie were at the hotel in Camp Coldbrook, while Mr. Kirk was in camp with the Y. M. C. A. boys at Pine Flats and says he had one of the great experiences of his life.

In this camp were a total of 102 people including secretaries, leaders and cooks. Of the 90 boys about 40 were from Glendale, Burbank and Eagle Rock, some of them from the best families in the city. He says that the outing, discipline, spiritual, social and physical training, is surely the finest that can come to any boy. Not an accident, sick spell or any other untoward feature marred the encampment and the boys returned full of enthusiasm over the entire "Camp." The boys were from 10 to 15 years of age and were in ten tents, each under a leader—and graded according to the ages of the boys. Mr. McDonald, one of the older secretaries of the San Gabriel Valley, was director, and Mr. Williamson, our secretary, Dale Wood, Sherman Ireland and Mr. Kirk of Glendale were among the leaders.

Pine Flats is located just at the foot of the high mountains which form the ridge of the Sierra Madres. It is four miles by trail from Coldbrook, which latter is about twenty miles from Azusa. The boys "hiked" it all the way from the end of the auto line (seven miles north of Azusa), to camp and back, wading the San Gabriel River many times. The climb of four miles from Cold Brook to the camp is very stiff, the altitude rising from 3500 to 6000 feet.

There is absolutely no settlement of any kind at Pine Flats, so practically everything has had to be done by the boys—in previous camps and in this one. Everything from Cold Brook has to be transported via the "Burro Route." The gathering and sawing of wood, serving at tables and "K. P." of all kinds was most valuable training. From "Taps" at 9:30 p. m. till the police whistle blew at 6:30, every boy enjoyed the finest sleep imaginable out in the open on a bed of pine needles with the utmost quiet—not a machine or noise of any kind to disturb.

Soldier Creek rushes down just below the dining-tent and affords another and shorter trail to Cold Brook. It is a wonderfully picturesque stream, pouring over great boulders through canyon walls covered with pine, fir, hemlock and cedar, which afford deep shade. Tiger lilies and giant ferns abound everywhere. While trout are not as plentiful as might be desired, some fishermen made good catches, and the boys caught many little "chubs" in Crystal Lake, a beautiful body of water not far from camp which serves for a swimming and bathing place. Hikes to "the Saddle" on the Ridge and thence to Mounts Hawkins, True, Islip and Waterman were made by the boys. From them views of Catalina and San Clemente on the south, the Mojave Desert and the snow-capped top of Mt. Whitney on the north are plainly visible.

The baseball games were a splendid feature and the camp fires in the evening something never to be forgotten. Mr. Kirk says that parents who do not avail themselves of these camps for their boys are certainly missing one of the great opportunities for character building which can possibly come to them. He says that Cold Brook is to be recommended as a splendid place for an outing, the accommodations there either for boarding or tent-housekeeping being excellent. The brook flows down just in front of each tent with a swiftness which lulls you to sleep, if anything will.

DR. RUSSELL FOR ASSEMBLY

Dr. Jessie A. Russell today announced her candidacy for the legislature from this sixty-first assembly district.

Dr. Russell has been prominently identified with various lines of activity since she retired from active practice as a physician, having been the first president of the Sixth St. Parent-Teacher Association and also of the Parent-Teacher Federation of this city; for eight years she was a member of the State Executive Board of the California Congress of Mothers and Parent-Teacher Associations, and has just completed a remarkably successful three-year term of office as the State President of the same organization which has a membership of over 40,000. During her term of office Dr. Russell made from five to nine trips annually throughout the state, thereby becoming thoroughly conversant with the various resources, problems and needs of the different localities.

The support of some of the most prominent officials and men and women of affairs has been proffered for the campaign.

Among the many women who have endorsed and are assisting Dr. Russell are the following:

Mrs. Florence Collins Porter, National Republican Committeewoman, Mrs. L. Leafie Sloan Orcutt, President of the Los Angeles Park Commission; Mrs. R. W. Richardson, formerly Chairman of the Republican County Central Committee; Mrs. William Bauerhyte, prominent Civic and Social Welfare Worker; Miss Wilhelmina Van Der Goorberg, President of the Los Angeles City Teacher Club; Mrs. Harriet W. Works, well-known civic worker; Mrs. Cora M. Holland, District Chairman of Civics C. F. W. C.; Mrs. Julia D. Phelps, formerly President Los Angeles County W. C. T. U.; Mrs. Fred W. Fuller, President Wednesday Morning Club; Mrs. Lloyd C. Harmon, Past President of the Los Angeles District C. F. W. C.; Mrs. Chas. F. Gray, State Vice-President C. C. M. and P.-T. A.; Mrs. Christopher Gordon, Regent Daughters of the British Empire; Mrs. Herman S. Darling, President Woman's City Club; Mrs. E. R. Brainerd, well-known civic worker; Mrs. J. T. Anderson, Chairman Los Angeles Council of Community Service; Mrs. Martha T. Law, formerly President Federation W. C. T. U.; Mrs. H. C. Fallang, Vice-President Woman's City Club; H. W. Hitchcock, Mrs. M. T. Kelly, Mrs. Caroline Bond, Mrs. M. E. Jenkins, Mrs. Blanche Gardiner, all well known in public activities. —Adv.

LOS ANGELES MAKES RECORD

LOS ANGELES, July 16.—Los Angeles, which has been in the throes of a building boom for the last six months, set a record during the month of June.

Building permits issued during that month totaled $6,540,000. For the first six months of 1920 the permits issued totaled $24,125,000 against $8, 546,457 for the corresponding six months of 1919.

Permits for two theatres, each costing a million dollars, are included. Bungalows are going up by the scores. One company is finishing houses to sell at from $4000 to $8000 at the rate of one per day.

FARM HELP CRISIS PASSED

Farmers in the east and west are harvesting crops with much less difficulty than was anticipated several months ago, according to reports, and dire predictions of farm help shortage seem to have been exaggerated.

The simple expedient of offering wages more attractive than could be earned by unskilled labor in the cities has solved the help problem in the wheat belt of the middle west.

Attracted by $7 for 10 hours work, 100,000 men, recruited largely in eastern cities, have descended upon the farms of Oklahoma, Kansas and Nebraska. The crop is being harvested with less delay than for a number of years. Kansas City has wired the federal department of agriculture to send no more harvest hands until called for.

Cooperation among farmers in the eastern section, notably Pennsylvania, has largely overcome the shortage of farm help. All in a neighborhood unite forces and go from farm to farm, completing the harvest in much less time than formerly.

These steps apparently have gone far toward solving a problem that has been growing more serious each year for at least a decade.

AGAIN THEY COME

The immigration question, subject of much discussion during the war, has been answered. Immigration is already back at the pre-war level and indications are that it will soon exceed it. From 10,000 to 20,000 European subjects are coming weekly to American shores.

This new immigration, however, opens up new problems in Americanization and the development of a higher standard of citizenship, subjects that have received more nearly the attention their importance deserves in recent years than in ante-war days. The largest number of immigrants commonly termed "pick and shovel" men today are coming from Spain and Portugal, figures compiled by the commissioner of immigration show. These countries formerly furnished a very small percentage of the foreigners who emigrated to this country.

These immigrants do not come misinformed of conditions, however, and appear anxious to accept any kind of work offered while becoming acclimated in new surroundings in a strange land. And their coming promises to fill a gap that has been a big handicap to American industry since the outbreak of the war.

The Call of the Thirsty

at every restaurant, soda fountain, club and cafe the call

For Sierra Club Beverages

becomes more and more insistent. The people know there is no substitute for these popular drinks. At social gatherings of all kinds, at afternoon and evening parties our beverages are popular as refreshment and the thoughtful hostess provides an ample supply of ice cold

Sierra Club Ginger Ale, Cherry, Orange, Lemon and Grape Punches

or other flavors that her guests may have their favorite drinks

THEIR POPULARITY IS IN THEIR PURITY

The secret of the popularity of the Sierra Club beverages is that we use mountain water, filtered, sterilized and aerated; 100 per cent pure cane sugar—under no circumstances are any substitutes used—sugar which we put through a further process of purification; and specially prepared fruit flavors. By sheer quality and merit, these beverages have won the high place they occupy among soft drinks.

THEIR FINENESS IS IN THEIR FLAVOR

These drinks have a delicate, elusive flavor that carries its own appeal for more. They are refreshing, appetizing and as harmless as pure water.

Made in Glendale

Sierra Club beverages are made in Glendale. They have hit the popular taste to such an extent that the demand has pushed our factory beyond its capacity and we have had to make extensions and improvements and install new machinery worth many thousands of dollars.

AUSTRO-HUNGARIAN PEACE TREATY

BECOMES EFFECTIVE TODAY WITH THE EXCHANGE OF RATIFICATIONS

(Special Service to Glendale Evening News)

PARIS, July 16.—The Austro-Hungarian peace treaty became effective today with the final exchange of ratifications by signatory powers.

CARGO OF PICTURE BRIDES

SEVENTY JAPANESE MAIDS ARRIVE AT 'FRISCO; WILL BE INTERVIEWED BY CONGRESSIONAL COMMITTEE

(Special Service to Glendale Evening News)

SAN FRANCISCO, July 16.—Seventy Japanese picture brides arriving today on the liner Shynyo Maru hid their faces behind fans and ran below decks when photographers tried to take their pictures. A great crowd of Japanese were at the dock. They thronged the ship crying in Japanese: "Welcome to our new country."

The brides were carefully guarded by immigration men and were taken to the immigration station where they will be interviewed by members of the congressional committee investigating the Japanese question.
